

SANTA CLARA UNIVERSITY
Psychology Department
Winter 2026

GENERAL PSYCHOLOGY II (PSYC 2)

Instructor: Thomas G. Plante, Ph.D., ABPP
Office: Alumni Science 203
Telephone, E-Mail, web: 408-554-4471 (Office), tplante@scu.edu, www.scu.edu/tplante,
Zoom = 358-201-2190
Office Hours: By appointment
Course Meeting Room: Alumni Science 120
Course Meeting Times: Tuesdays and Thursdays 3:50pm – 5:30pm

Required Text: Weiten, W. (2021). *Psychology: Themes and Variations* (11th Edition). Belmont, CA: Cengage Learning. <https://www.cengage.com/c/psychology-themes-and-variations-11e-weiten/9780357374825/>

Course Evaluation:

Midterm Quest 1:	End of Week 3
Midterm Quest 2:	End of Week 6
Midterm Quest 3:	End of Week 9
Final Quest:	Exam week
SONA Research Credits or paper:	Last day of class
Class Attendance	
Class Participation, Behavior, Scholarly Enthusiasm, and Attendance:	
+/- can improve or decrease your course grade.	

Pass everything, get an “A.” Fail any one of assigned tasks and get a “B.” Fail two of the tasks and get a “C,” etc. Two low passes equal one fail. Additionally, you are expected to take and attend class with integrity (at least 80% of the time unless you have a documented excused absence due to sports, sickness, and so forth). Only those who meet the attendance requirement will be eligible for an “A” in the class. Less than 60% % attendance will result in a double fail (i.e., two letter grade reduction) while less than 50% will result in a failing grade. Also, only pass minuses can be earned for late assignments after the offered grace period ends on Camino.

Course Description: Few things in life are as interesting, meaningful, and compelling as human behavior. This class is a general introductory course focusing on the field of psychology as a social science. Class topics include the history of psychology, research design and statistics, human development, motivation, emotion, stress, health psychology, personality, intelligence, psychological assessment, social psychology, psychological disorders and treatments as well as ethics and career issues.

- Course Goals:** (1) To provide a basic and broad based overview of the field of psychology from a social science perspective.
 (2) To provide a framework for understanding the science and practice of psychology.
 (3) To provide the foundation for students taking additional and advanced undergraduate psychology courses.
-

Sequence of Topics and Readings:

Week 1:	Course Introductions, Definitions, History, Systems, Evolution, & Perspectives in Psychology	Chapter 1*
Week 2:	Psychological Research Methods & Statistics	Chapter 2 & Appendix B
Week 3:	Ethics, Psychological Assessment, Intelligence	Chapter 8 (8.5 & 8.6), Ethics Code
Week 4:	Life Span Development	Chapter 10
Week 5:	Motivation & Emotion	Chapter 9
Week 6:	Personality Psychology	Chapter 11
Week 7:	Social Psychology	Chapter 12
Week 8:	Health Psychology (Stress, Coping, and Health)	Chapter 13
Week 9:	Psychological Disorders	Chapter 14
Week 10:	Psychological Treatments	Chapter 15

* Please have readings completed for the week during the first class session of each week.

Additional Items

In keeping with the mission of the university, relating the course material to the "greater glory of God and to the common good" as well as helping to educate leaders with *competence, compassion, conscience, and community* will be integrated into class material where appropriate.

Please Read

How and Why I Teach Class as I Do

As Polonius states in Shakespeare's *Hamlet*, "*Though this be madness, yet there is method in't*".

I teach my classes a bit differently than perhaps most other classes that you have taken at SCU or elsewhere but I do so for intentional and carefully thought out reasons. So, there is actually a "method to the madness" and I will explain why I teach as I do and give you a brief rationale in the hopes that you not only understand why I teach as I do but also give you full informed consent as we proceed. There are four principles that I keep in mind as I design and implement my classes.

Principle 1: Class should be stress free, fun, engaging, and all about learning with practical implications

There is plenty of quality empirical evidence that anxiety, depression, and stress among your generation of college students is very high (e.g., Haidt, 2024; Lipson et al., 2022; Sheldon et al., 2021). Even the US Surgeon General issued an unprecedented advisory report in 2021 about this issue. I try to make my classes stress free, fun, engaging, and all about learning with plenty of “news you can use” focused on practical implications. I design classes so that you can control your own grades and deadlines to assist in this more stress-free approach

Principle 2: You are adults and will be treated as such

I’m here to provide you with course content and material that I have expertise in while it is up to you to fully engage and absorb it. I will not micromanage you with assignment rubrics, points for this and that, and many class rules. If you were raised in the USA you likely had assignment rubrics throughout your educational career. While they make sense for elementary school they don’t always make sense in college (in my humble view) as they can stifle creatively, challenge individual learning experiences and differences, and do not help with some of the complexities and nuance of learning (Ling, 2025; Swierczek & Bechter, 2024). However, I do ask you for 80% of attendance since you can’t take the class with integrity unless you are actually [“in the room where it happens.”](#)

Principle 3: I tell stories

There is plenty of research evidence that speaks to our ability to better learn and retain information through narrative (e.g., Alterio & McDrury, 2003; Lawrence & Paige, 2016; McNett, 2016). I take this seriously and you’ll hear a lot of stories from me that illustrate or provide examples of the concepts I am trying to teach and help you understand and appreciate. Since I’ve been in clinical practice as a licensed psychologist for almost 40 years, I have plenty of clinical experiences in both inpatient and outpatient settings that well illustrate the issues that we are trying to learn and understand. Of course, to maintain patient confidentiality, I will not provide any identifying information of patients under my care and may tweak a fact or two in order to do so.

Principle 4: OAE accommodations are normalized in class

Since many students (typically about 20-25% of all students in class) have OAE approved learning accommodations that must be provided and considered confidential, I try to provide a class environment where most of these typical accommodations are normalized for the entire class. This includes the use of laptops, take home rather than in-class exams, and coming and going as needed.

In order to accomplish these principles, we do the following:

1. All exams (which I call “Quests” as they are something between a quiz and a test) are take home and graded pass/fail.

2. All power point slides are provided for your use via Google Docs. While I expect you to read the assigned materials in the text (and I know that so many students of your generation don't read books or other material of length very often) I don't micromanage or check your reading.
3. If you pass all assignments, you get an A. If you fail or select not to complete an assignment you lose a letter grade. If you perform marginally on assignments you get a pass minus that reduces your grade by a half letter grade for each pass minus. Thus, you are in control of your grade.

4.

Higher education is ridiculously expensive. Someone in your life (i.e., parents, donors, you) are paying almost [100K](#) a year for your education. I want you to make the most of it. I'm here to help you learn but you have to do your part too. I expect you to take your education seriously and see me as a resource for you in doing so. I've been in this field for a very long time and am happy to share my expertise with you. I will do my part and hope that you will do yours to maximize your educational learning experience.

What to Expect in your SCU Psychology Courses

- 1. Mutual Respect.** The faculty in the psychology department are committed to an environment of mutual respect. Please be courteous in your communications with us and your fellow students, get to class on time, do not pack up your belongings when class is still in session, and if possible, use the restroom before coming to class. It's our intent to show you similar levels of respect!
- 2. Cell Phones and Other Devices.** Please turn off or silence your cell phone during class. If you need to take an important call, e.g., you have a family member in surgery, please let your professor know at the start of class. Not all professors allow use of laptops in classes—please ask!
- 3. In Person Classes.** Almost all of our classes in psychology are scheduled as fully In Person classes. This means that there will be no way to participate via Zoom. If you have to miss a class, refer to your professor's policies for details on how to handle that.
- 4. Responses to Email.** In the interest of valuing work-life balance, and respecting that your professors have both professional and personal responsibilities beyond your class, faculty may not reply to your emails during certain hours of the day. This depends on the course time and your professor, of course. Please ask us what our policies are!
- 5. The Final Exam.** When a final exam is required in a course, you must take it on the day and time it is scheduled. The [schedule is established by the University](#) and we as professors do not control it. If you know in Week 1 that you will not be able to attend the final exam in a course, you should consider taking a different course or discussing your conflict with your professor.
- 6. Late Policies, Extensions, and Incompletes.** Please check with your professor about their policies on late work and requests for extensions. For Incomplete grades, keep in mind that these are typically only given when you have missed a single major assignment due to circumstances beyond your control and do not have time to make it up before the course grading period ends.
- 7. Absences due to Illness.** Please consult the [University policy](#) on what to do if you test positive for COVID. If you have to miss class due to illness or an emergency beyond your control, please consult with your individual professor for their policies on what to do.
- 8. Extra Credit.** Extra credit will not be awarded to make up for missed assignments or to increase scores on completed assignments.

9. **Equity in Course Policies and Grading.** Your Psychology professors are making every effort to make sure that course policies and grading are implemented the same way for all students. Some students may be used to asking for exceptions, believing “It can’t hurt to ask.” But granting such exceptions would violate the principle of equity and the transparency of our syllabus statements. Please think twice before asking for exceptions, showing us that you value these principles too!

10. **Enjoy the Ride!** You are here to learn and grow as a whole person! We expect you to make mistakes and to struggle with learning from time to time. If you weren’t doing that, you wouldn’t grow very much over the course of your college experience. And remember that you are more than your grades.

SYLLABUS STATEMENTS

Required Policy Information for all
Course Syllabi

Academic Integrity

The Academic Integrity pledge is an expression of the University’s commitment to fostering an understanding of—and commitment to—a culture of integrity at Santa Clara University. The Academic Integrity pledge, which applies to all students, states:

I am committed to being a person of integrity. I pledge, as a member of the Santa Clara University community, to abide by and uphold the standards of academic integrity contained in the Student Conduct Code.

Academic integrity is part of your intellectual, ethical, and professional development. I expect you to uphold the principles of this pledge for all work in this class. I will clarify expectations on academic integrity -- including the use of AI tools such as ChatGPT and course sharing sites for all assignments and exams in this course. If you have questions about what is appropriate on any assignment, please let me know before you hand in work. For more resources about ensuring academic integrity in your work, see this [LibGuide on Academic Integrity](#).

Discrimination, Harassment and Sexual Misconduct (Title IX)

Santa Clara University is committed to providing all students with a safe learning environment free of all forms of discrimination, sexual harassment, and sexual violence.

Please know that as a faculty member, California law SB 493 requires me to report any information brought to my attention about incidents of sexual harassment or misconduct to the SCU [Equal Opportunity and Title IX Office](#) (408) 551-3043. This includes, but is not limited to, disclosures in writing assignments, class discussions, and one-on-one conversations.

Should you need support, SCU has dedicated staff trained to assist you in navigating campus resources, accessing health and counseling services, providing academic and housing accommodations, helping with legal protective orders, and filing a formal complaint with the University or with law enforcement. Please see the [Student Resources](#) page for more information about reporting options and resources.

If you or someone you know has experienced sexual harassment or sexual violence and wishes to speak to a **confidential** resource who is not required to report, please contact one of the following SCU resources for support:

- [SCU Wellness Center](#)
- [CAPS](#)
- Any individual (clergy, counselors) acting in a professional capacity for which confidentiality is mandated by law

I am happy to help connect you with any of these resources.

Accommodations for Pregnant and Parenting Students

Santa Clara University does not discriminate against any student on the basis of pregnancy or related medical conditions. Absences due to medical conditions relating to pregnancy and childbirth will be excused for as long as deemed medically necessary by a student's doctor, and students will be given the opportunity to make up missed work. Students needing accommodations can often arrange accommodations by working directly with their instructors, supervisors, or departments. Students needing accommodations can also seek assistance with accommodations from the Office of Office of Accessible Education (OAE) or from the Office of Equal Opportunity and Title IX Office. This [resource page](#) from Title IX provides information for students and faculty regarding pregnancy rights.

Office of Accessible Education

If you have a documented disability for which accommodations may be required in this class, please contact the Office of Accessible Education (oe@scu.edu, <http://www.scu.edu/oe>) as soon as possible to discuss your needs and register for accommodations with the University. If you have already arranged accommodations through OAE, please be sure to request your accommodations through your myOAE portal and discuss them with me during my office hours within the first two weeks of class.

To ensure fairness and consistency, individual faculty members are required to receive verification from the Office of Accessible Education before providing accommodations. OAE will work with students and faculty to arrange proctored exams for students whose accommodations include double time for exams and/or assistive technology. Students with approved accommodations of time-and-a-half should talk with me as soon as possible. The

Office of Accessible Education must be contacted in advance (at least two weeks notice recommended) to schedule proctored examinations or to arrange other accommodations.

In light of shifting health advisories related to COVID-19, exams may be administered online. Students with approved testing accommodations should contact me (at least two weeks notice recommended) prior to an exam date to notify me of their intent to use their testing accommodations on the upcoming exam to ensure their accommodations are effectively implemented.

Safety Measures

In order to meet our learning objectives, we will adhere to the highest standards for safety and mutual respect. I expect everyone to adhere to current university mask mandates at all times; to make their best attempt to make themselves heard when asking questions or contributing to discussions; and refrain from eating or drinking in class. It is expected that everyone will follow university guidelines about health and public safety measures outlined on the [Prepared SCU website](#).

Use of Classroom Recordings

All online class meetings will be recorded and made available on Camino. As is stated in the Student Conduct Code: "...Dissemination or sharing of any classroom recording without the permission of the instructor would be considered "misuse" and, therefore, prohibited. Violations of these policies may result in disciplinary action by the University. At the instructor's discretion, violations may also have an adverse effect on the student's grade."

Copyright Statement

Materials in this course are protected by United States copyright laws. I am the copyright holder of the materials I create, including notes, handouts, slides, and videos. You may make copies of course materials for your own use and you may share the materials with other students enrolled in this course. You may not publicly distribute the course materials without my written permission.

Technology Support

SCU can provide you with technology assistance, and you can also reach out to our providers directly for questions. For Camino (SCU's branded instance of Canvas) support, contact caminosupport@scu.edu or call 408-551-3572. You can also use the help button within the Camino platform (on the left hand navigation) for 24/7 support via chat or phone with our vendor.

For Zoom assistance, contact Media Services at mediaservices@scu.edu or 408-554-4520. You can also get support from the [Zoom Help Center](#) website.

For SCU network and computing support, contact the SCU Technology Help Desk at techdesk@scu.edu or 408-554-5700. They can provide support for MySCU Portal, Duo, eCampus, hardware and software issues, and more.

Syllabus Statements on Diversity, Inclusion, and Wellness

Santa Clara University syllabi are encouraged to include information for students to promote a more inclusive classroom. Below are recommended examples of syllabi statements that faculty may use. For more on developing an inclusive syllabus and course design see a campus resource on [Inclusive Teaching](#) and a toolkit from the [Association of College and University Educators \(ACUE\)](#).

Land Acknowledgment

Santa Clara University occupies the unceded ancestral homeland of the Ohlone and Muwekma Ohlone people.

Respect for Diversity

It is my intent that students from all diverse backgrounds and perspectives be well served by this course, that students' learning needs be addressed both in and out of class, and that the diversity that students bring to this class be viewed as a resource, strength and benefit. It is my intent to present materials and activities that are respectful of diversity: gender, sexuality, disability, age, socioeconomic status, ethnicity, race, religion, and culture. Your suggestions are encouraged and appreciated. Please let me know ways to improve the effectiveness of the course for you personally or for other students or student groups. In addition, if any of our class meetings conflict with your religious events, please let me know so that we can make arrangements for you.

Gender Inclusive Language

This course affirms people of all gender expressions and gender identities. If you go by a name different from what is on the class roster, please let me know. Using correct gender pronouns is important to me, so I encourage you to share your pronouns with me and correct me if I make a mistake. If you have any questions or concerns, please do not hesitate to contact me. For more on personal pronouns see www.mypronouns.org

Wellness Statement and Mental Health Resources

I know you will do the best you can in this class (and all of your classes); however, it should never be at the expense of your own mental health, physical health, and/or well-being. Jesuit education is grounded in cura personalis, concern for the whole person—mind, body, and spirit. What does this mean for you? Be kind to others, and more importantly, be kind to yourself. Attend to your sleep (quantity and quality); drink lots of water; move; get outside; and pay

attention to beauty that isn't coming to you on a screen. Eat good food; laugh; enjoy friends and family; look for opportunities to connect with others in new ways; pray, meditate, or otherwise attend to your spirit. And ask for help, even if you don't think you need it. Lots of folks, including me, are here to support you. It's never too late to reach out, and I am committed to helping you.

SCU has many resources and programs to support you. These resources may be especially helpful:

Wellness Center: <https://www.scu.edu/wellness/>

The Wellness center provides resources to aid and promote student well-being across the eight dimensions of wellness, including student peer groups for healthful living, violence prevention, and recovery.

CAPS: <https://www.scu.edu/cowell/counseling-and-psychological-services-caps/>

Santa Clara students are provided confidential counseling sessions at no cost through Counseling and Psychological Services (CAPS). Students have access to clinically appropriate, short-term therapy; group therapy; and other resources for care. A new 24/7 support line is also available: **408-554-5220**.

SCU Culture of Care: <https://www.scu.edu/osl/culture-of-care/>

If you are concerned for the mental or physical welfare of one of your peers, the [Office of Student Life Culture of Care](#) website provides resources for recognizing and helping someone in distress.

Academic Concerns

If you are concerned with your progress in this class, please contact me so that we can find solutions together. [Drahmann Center](#) can also offer support with issues regarding your academic progress more broadly.

SCU also has multiple options for free academic tutoring. Students can make appointments to discuss work in a range of courses:

- [Drahmann Tutoring](#) (Numerous courses in the College of Arts & Sciences including Natural Sciences, Modern Languages, Economics, and Computer Science)
- [The HUB Writing Center](#) (Writing and Public Speaking)
- [Mathematics Learning Center](#) (MATH 4, 6, 8, 11-14, 30-31, 35-36, 51, 53)
